

## ALL THE BENEFITS OF MAXXFAN...

...now with a pivoting fan head!

Introducing the Maxxair Pivoting Fan, our latest high-performance rooftop fan. Building on the Maxxfan Plus, this model features a unique fan section that drops down and pivots for unparalleled directional airflow in RVs and trailers.

The Maxxair Pivoting Fan includes a powerful 4 speed fan that operates with the lid open or closed, offering optimal ventilation in any weather. Its sleek profile fits seamlessly into the restricted spaces of RVs. Installation is easy with included mounting tabs for a tool-free setup of the Fanmate Vent Cover (sold separately).

## INDUSTRY FIRST INNOVATIVE PIVOTING VENTILATION FAN

- Pivoting fan section for directional air flow
- 400 CFM of airflow for continuous comfort
- 4 speed model
- Flush-mounted keypad controls fan speed and operation
- Integrated mounting tabs for fast, easy installation of Fanmate rain covers
- 2-year limited warranty
